

## Grasen AC Genie for home, residential complex, or commercial use

Grasen AC Genie fits all garage sizes, parking spaces, and various vehicle types. They're the best and most cost-effective solution for homes, apartments, condos, and townhomes. If it's home to an EV, make it home to Grasen Power.

## Grasen AC Genie

7kW/32A | 11kW/16A | 22kW/32A

- Sleek and compact design
- Wall or pedestal-mount installation options
- 5-inch screen for clarity and convenience
- Type2/GBT connector
- Optional built-in power meter
- Optional 4G/Ethernet
- Mobile app control, RFID, and Plug & Charge
- IP55, operates in temperatures from -50 °C ~60 °C
- Designed for rugged outdoor performance

## App Control

You can charge directly from your phone using the Grasen App to ensure you are fully in control.

The app is available for download on both the App Store and Google Play.

For added convenience, you can also use RFID charge cards and the plug & charge feature.

## Design

Power	7kW	11kW	22kW
Dimension(W x D x H)	420x260x120mm		
Charging Ports	Single Port		
Cable Length	5m		
Emergency Stop	Yes		
Indications	Standby (Green), Gun Plugged (Blue), Charging (Flashing White), Fault(Flashing Red)		

## Technical Data

Input Voltage	1-Phase 220VAC±10%	3-Phase 380VAC±15%	
Working Frequency	50/60Hz		
Internal RCD Rated	AC 30mA, DC 6mA		
Output Voltage	220VAC±10%	380VAC±15%	
Output Current	32A	16A	32A

## UI

Display	5" LCD Screen(Optional)
Payment	RFID Card/Mobile APP
Network Connection	4G/Ethernet
Communication Protocol	OCPP1.6J (Optional)

## Physical and Environmental Data

Operating Temperature	-30 C ~+50 C
Storage Temperature	-35 C ~+55 C
Operating Humidity	≤ 95%
Protection	IP55

## Certs & Standards

Charging Interface	IEC62196 Type2/GBT
--------------------	--------------------

## Customization Options

5" LCD Screen	Yes
Pedestal	Yes
Metering	Metering IC/Energy Meter/MID Certified Meter
